

BELLA ROSA

BIO

Made up of guitarist and musical director Santiago Izaciga and drummer Andy Gomez, both from Bogotá, Colombia, bassist David Goodman from Barbados, and front woman Bella Rosa from London, ON - Canada, the band was formed in November 2019 when Bella, Santiago and Andy met and subsequently got together to record a single.

Out of Breath was the band's first track, released on Dec. 19, 2020, garnering incredible feedback from a number of experts in the industry. The single was produced and mixed by Izaciga and mastered by Ted Jensen at Sterling Studio in Nashville, TN.

After the launch, the band hit the studio once again to record their follow-up single Rollercoaster, while also focusing on finding another member to round out the group with open auditions. The band auditioned with a ton of amazingly talented musicians, and in the end it was Goodman who stood out from the rest and he was invited into the fold March 2020.

While the band was scheduled to get back to rehearsal that same month, all plans had to be put on hold due to COVID-19. Bella Rosa finally got back to work at the end of May, and the electrifying energy was felt immediately.

The band is currently rehearsing to develop a live show in preparation for when live music makes its triumphant return and are also writing material for future projects.
